

July 31, 2020

On July 31, 2020 one of our employees tested positive for Covid 19. We are working directly with the Raleigh County Health Department. All staff considered to be exposed are quarantined and all facilities have been or are currently being deep cleaned and disinfected. Some facility hours may be different during this time.

We recommend to continue to social distance, use good hygiene practices, and use PPE when possible. Please, continue to monitor yourself and your family for symptoms. If you or your family start to exhibit symptoms get tested and self-quarantine.

Sincerely,

Molly Williams
Executive Director
Raleigh County Parks and Recreation Authority
