## Raleigh County Parks and Recreation, Lake Stephens Campground Power Issue - Update

Beckley, WV; September 3, 2021 – Raleigh County Parks and Recreation, Lake Stephens RV Campground is still experiencing power issues.

Yesterday, September 2, 2021 several AEP crews replaced 2 miles of neutral line. Once power was restored in the afternoon the problem in the campground still existed.

AEP and our staff will be continuing to investigate the issue today. Power will be on and off throughout the day.

The marina will remain open, but the Splash Pad, Beach, and Aqua Park will be closed today, as well as the campground.

The Toys for Tots fundraiser scheduled for today will be modified. We will still be accepting donations but instead of a free pass for today we will be giving a certificate for a free pass on for another day this weekend or next season.

If the problem is not resolved today the campground will remain closed through the holiday weekend. The Beach, Splash Pad and Aqua Park will be open on a regular schedule for Saturday, Sunday, and Monday.

We apologize for the inconvenience.
